

INDULGE
IN THE LIGHT

CREATE THE LOOK YOU'VE ALWAYS DREAMED OF

“ Instantly the room
is transformed
and the light is
under my control ”

The Shutter Emporium can help you to create the look you've always wanted, whether it's contemporary and sleek, traditional or colourful.

All shutters are made-to-measure and no window is either too big or too challenging and can be matched to any décor. Our shutters convey the highest levels of quality and style.

“Taking control of your surroundings, adding functional style and privacy”

SHUTTERS MORE VERSATILE THAN ANY OTHER WINDOW COVERING

As demonstrated on the left, Emporium shutters are more than just a window covering. They are a lifestyle, designed to function around your needs. This bi-fold track system provides complete privacy when shut, split privacy to let the light in or can be opened completely.

- Ultimate light control**
 Each panel can be independently adjusted to temper the light.
- Privacy**
 Shutter panels can be divided into independently controlled sections allowing natural light in but keeping unwelcome attention out. Ideal for suburban living; popular installations include bedrooms, bathrooms and street facing windows.
- Sound insulation**
 Adding an additional layer to your glazing, shutters not only block out light but help reduce noise levels too.
- Insulating and economical**
 Our shutters not only keep you cool during the summer, but help you retain heat during the winter.
- Awkward shapes**
 Shutters are possibly the only window furnishings that can be manufactured to suit all window shapes, no matter how curved or angled. Ever seen a curtain on a porthole, or a blind in a gable?
- Low maintenance**
 Unlike dusty curtains, our shutters are quick and easy to clean and offer a virtually maintenance-free existence - excellent for dust allergies!

◀ BLACKOUT SHUTTERS

For nursery, cinema and bedroom installations, our blackout shutter/ blind solution should be your first choice. 8 sumptuous blind colours to choose from.

FULL HEIGHT
 Covering the full height of the window, this is our most popular and flexible installation style.

SHUTTER STYLES TO SUIT ALL ROOMS

Emporium have the perfect solution for any room. No matter what the size or shape, we can help you choose the best product to meet your requirements.

TIER-ON-TIER ▼

Independent panels top and bottom give greater adjustability to make the most of light, the view or provide you with privacy.

BAY ▼

S:CRAFT shutters provide a modern solution to a modern bay thanks to our comprehensive array of specifically designed bay frames.

CAFÉ STYLE ►

Maximise light whilst providing privacy. With the top of the window un-shuttered, Café style shutters are ideal for ground level windows and town houses.

Dating back to the medieval times and more recently Victorian architecture, bay windows hold a continuous appeal and are a quintessential British window style. No matter the size or complexity of your bay window, our range of made-to-measure window shutters offer the perfect window covering for all bay windows.

◀ SQUARE BAY

MADE-TO-MEASURE SOLUTIONS FOR BAY WINDOWS

▲ SPLAY BAY ►

TRACK SYSTEMS

BY-PASS ►
Sliding doors, room dividers or simply a privacy screen, our By-pass system provides an excellent solution.

◄ WARDROBE
The robust nature of our shutters and their high quality finish provides a fantastic solution for wardrobe doors. Solid panels, solid bases and fixed louvres can be specified to meet your aspirations.

BI-FOLD
Bi-fold tracked shutters work well in conjunction with bi-fold doors allowing you to concertina large runs of shutters out of the way and bring the outside in.

FRENCH DOOR & SOLID PANEL SHUTTERS

FRENCH DOORS ▼

Due to the bespoke nature of our products, we are able to create cut-outs around door furniture to suit each bespoke installation.

▲ SOLID

Solid shutters have been used in the UK for more than 200 years and provide a more traditional finish to your window.

“ Let your mind be creative and let our professional advisors do the rest ”

MADE-TO-MEASURE SOLUTIONS TO SUIT ANY WINDOW SHAPE

Even the most unusual window shapes can be catered for within our shutter range. Most popular styles include arches, circles and gable installations.

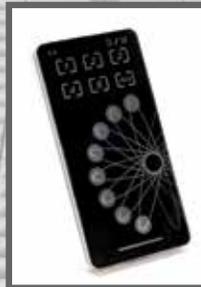

▲ CURVED

Our shutters can be designed to match almost any radius allowing you to enjoy your architecture whilst enjoying the light.

▶ ANGLED

Ideal for gables or awkward, angled windows, S:CRAFT shutters provide an effective solution where many window coverings fail.

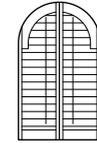

TALL & CURVED

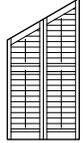

No matter how impressive the scale of your windows our shutters can be designed to fit, and with our remote option even the most out of reach areas can be made accessible.

SHUTTER SHAPES

CONSERVATORY AND ROOF SHUTTERS

Our range of skylight and conservatory shutters provide a stylish yet highly practical light and heat control solution for your windows. But what if your windows are out of reach? Not a problem for us, opening and closing the louvres couldn't be simpler with our remote controlled solution. You can even pre-set your shutters to open and close at your preferred times of the day.

▲ CONSERVATORY

The combination of engineered panels and a high quality finish with a final UV protective layer provide an ideal solution for conservatory installations. Let as little or as much light in as you want.

LOUVRE SIZES

The right choice of louvre size is essential to creating the perfect look.

We offer six louvre options plus a solid shutter version and a blackout shutter with integrated honeycomb blind for ultimate light exclusion. When choosing your louvre, you'll need to decide which size best suits your project while allowing the louvres to be opened without making contact with your window/furniture.

In the Sumatra range a flat louvre option is also available in a 60mm and 84mm louvre.

COLOUR RANGE

The Shutter Emporium offer a full colour palette, utilising some of the most popular and en-vogue colours in the market place. However, should you not find the colour that you desire, then also offer a custom colour match service, providing a perfect match to any interior.

PURE CELL HONEYCOMB BLINDS

Ideal for home or the office.

BUILT TO PERFECTION GUARANTEED TO LAST

Using unique production methods, such as transverse multi-ply stiles, we can ensure that Emporium shutter panels are unlikely to bow or warp. And for added strength we use only mortise and tenon joints. This also helps to minimise any

panel movement which may cause hairline cracking of paint finishes at the joint.

For further protection, we also engineer the shutter panels with a grooved overlap to mask and absorb any joint expansions.

THE EMPORIUM MARK OF AUTHENTICITY

We're proud of our brand which is why all genuine Emporium shutters carry the Emporium mark of quality. To ensure the shutters you receive are an authentic Emporium product, look out for the Emporium logo, discretely positioned on each installation, on the inside of the right hand frame.

Emporium delivers the highest quality shutters and blinds and allows us to guarantee all of our products, manufactured within our specifications for a full 3 years.

**3 YEAR
GUARANTEE**
